Eron Dorfman Obituary

Date of Death – 07/19/2017

Eron Dorfman was born on April 11, 1980 in Skokie, IL.

Eron's loving, amazing, charismatic, irresistible, incredible personality was the strength that glued folks to him. The word "no" did not exist in his vocabulary. Animals, beaches, and the outdoors were a few of his passions. Eron was the most approachable person with an unconditional, selfless, helping nature, always with a genuine smile and encouraging words...that's who Eron was.

The world has lost a beautiful, loving person, but heaven has gained an angel.

My Dearest Eron...My Son, My Love, My Life!! cannot believe it's been three years since you are gone! Three years since I have looked at your beautiful face, looked into your soulful eyes, heard your infectious laugh...deep and from your toes. They are all so vivid yet. I will NEVER forget that Laugh! It made me laugh! It's so hard to believe. The time has flown by...but not really! It has been a long three years! I love you and miss you so very much! My heart aches for you each and every day! There is not a day that goes by that I don't cry or hurt for you. They say it gets easier...it does not! I still remember that phone call at 10:19AM on Wednesday, July 19, 2017, like it was yesterday! It is something I will never forget! I long for the day we are together again. We will be together again; that is a given! I know you will be waiting for me with open arms, and I will fly into them! Not just yet; I am not ready; my job is not done here yet! Thank you, My Love, for always being by my side, for always having my back, for looking after, protecting and taking care of me. I know you are! It's the reason I have made it this far...You and the Pups! I would be lost without them! They are wonderful; you did an amazing job with them! I can't wait to see you, to touch you, to hug you, to kiss you, to look into those soulful eyes of yours, to hear that infectious laugh of yours...again! Thank you for giving me the strength to go on! Until we are together again...remember! Love You to the Moon and Back! I Miss You to the Moon and Back! Rest in Peace, My Love, Be Happy, Be Healthy! Eron....My Son, My Love, My Life.....One year ago on July 19, 2017...365 days, 8,736 hours, 525,600 minutes, 31,557,600 seconds...that's how long it's been since I have seen you, touched you, held you, hugged you, kissed you, seen your smile, heard your laugh, heard you say "Hey Ma" or "Hey Mama" or "Hi Ma" or "Hey Ma I just called to tell you I love ya....well I love ya". Do you know how I have missed that? Do you know how much I miss you? I think you do know. I don't know how I have survived without you, but I am getting through this nightmare, Eron, because of the strength you have given me to get through this. I know you are sitting on my shoulder all the time. I know you are looking out for me all the time. I know you are ALWAYS with me ALL THE TIME. On the date of your anniversary, we went to Deerfield Beach to throw some of your ashes in the ocean along with some red (for love) and white (for peace) roses. I know you were with me because I was drawn to a certain path, and when I looked down at the water's edge where the waves were lapping on the shore line.....there was a Black and Mild plastic mouthpiece! No one can tell me differently...that was a definite sign from you that you were, and are always, there for/with me! I love you my darling....and always will! I miss you my love...and always will! Thank God for the pups...they have helped me tremendously get through this awful time, and I love them almost as much as I love you (no not more than I love you...almost as much)! Please don't worry about me or the pups. We will be okay as long as you are on my shouder and by my side. Remember, Eron, I was and still am proud to call you my son. I was blessed to have you with me for 37 years!! love you to the Moon and back! MomXoxoxo

It has not gotten easier! I am so terribly happy to have the puppies; they are what's getting me through this never-ending nightmare, with your help. What I wouldn't give to see your face, your smile, hear your laugh, hear your voice. I know I will when my job here is finished. I talk to you each and every day; I can only hope that you hear me! I look to the stars in the night sky and see the one twinkling, and I know that it's you looking down at me. Eron, I know that you are always by my side taking care of and looking after me like you always did. I have seen some wonderful things that you have been a part of. No one can tell me that you have not performed some "miracles". Please know that my love for you will never diminish; please know that I am, and always will be, very proud of you! You were what made me want to go on; now it's Bella and Marley! If you can give me a sign that you are at peace, that would mean the world to me! Eron, I could go one and on and on forever, but I think you know and understand, as I know and understand, that I love you with all my heart and soul and miss you with all my heart and soul. I know you love me deeply and miss me very much as well. Until we are together again, my love, my son, my life.....I love you to the moon and back (and then some)! Rest in Peace my Love!Momxoxoxo

My sweetheart Eron... My love... My life. No one knows the bond that you and I shared Eron. What people do know is that I lived for you. My heart is broken. Knowing that you are sitting on my shoulder is a huge comfort to me. I know you will look after me honey. You are my love you are my life. I had no idea how many friends you have and how much you are loved. It is not surprising to me though because you have a heart as big as you are. You were always there when someone needed you no matter what time of day or night. Whether it were friend or stranger. You always lent a helping hand to whoever needed it. And everyone remembers that about you. I am going to miss you terribly. And I live for the day that we are together again. Please know that I will take care of Bella and Marley because they are a part of you and I love them as much as you do. Please rest in peace my darling. You now have Grammy to look after you. I love you forever and ever and ever, but you know that. Until we are together again sweetheart I love you I miss you, and I will get through this. I probably wouldn't have graduated Full Sail if it wasn't for you. If you called someone a friend then u held them down. You shared ur last dollar with me and always made sure I was straight. For 16 years we had a mutual respect and love for eachother every time we visited. Sharing how our lives had changed so much as we grew to become men but never losing our friendship. Thank you for everything I will miss you. Jesse

Eron, you were and will always be family to us. We grew up together, did everything together, and loved you like only family could. You will be with us forever and nothing will change that. Memories of you and the family have flooded back and it only brings a warm smile to all of our hearts. You were such a unique, friendly, amazing person who truly lit up people's worlds. People like you are what helps make the world great. You're with your Aunt Sue now and I hope you'll take care of each other. I'm not saying goodbye though. I'll see you again one day and you will forever be with our entire family while we are still here. We love you more than words can say, EKD. ❤️
