“ For many years, Aileen lived in the B Building of the Sea Ranch Club in Lauderdale by the Sea. I lived in the C Building of the same Complex, which was right next door. My sister, Sally Wollenstein, also lived in the B Building. Sally was about 6-1/2 years older than Aileen. When Sally moved in to the Sea Ranch Club in the 1990's, one of the first people she met was Aileen. They were both vivacious and outgoing, and they did many things together -- going to shows, concerts, special events, etc. They became inseparable. I joined them in quite a few of their activities. When I moved into the C Building, in 2002, I soon felt that I had two sisters living in the B Building -- Sally and Aileen. I did have a sister, Harriet, living up North with her family, who was three years younger than Sally. But, since Harriet was living far away, Aileen had taken Harriet's place as my second sister here in Florida. Aileen was always lively, vivacious, positive. I truly felt that I had Two Sisters living here at the Sea Ranch Club. Sally died in 2017, at nearly age 94. Now, Aileen is also gone. It will be a huge loss for me not to be able to call Aileen and hear her cheery, happy voice and get her excellent advice. May She Rest in Peace. God Bless Her Soul.
